### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: None of the references of record teach obtaining an actual volume of each article or adding count portions to obtain a total batch volume. As correctly pointed out by Applicant in the specification, 5454016, the closest reference of record, only estimates the volume of individual items and does not sum the volumes into a total batch volume. Indeed, 5454016 does not maintain a count of "pieces" as the present invention does because estimated volumes below a certain threshold do not register a count.

Blackburn et al is cited to show a teaching of a counter which adjusts the speed at which articles pass through a detecting light beam.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret R Wambach whose telephone number is (571)272- 1756. The examiner can normally be reached on Monday, Tuesday, Thursday and Friday 6am-4:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Callahan can be reached on (571)272-1740. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
